SleepWeaver®

## Skin Friendly® CPAP Masks with SleepGlad AI MaskFitter

SleepGlad is the world's first remote, 3D-scanning PAP/NIV mask fitter, requiring no special software or hardware.

Streamlined for ease-of-use so even the patient experience is seamless just by taking a quick "selfie."

- **Decrease costly mask refits with** ever-increasing accuracy

- **Fair comparison with other mask brands**

- **Save clinicians >15 minutes for every setup and educational follow ups**

- **Decrease reliance on additional mask** purchases for remote fittings

- **100% guarantee on every scan**

- **Total remote PAP setup solutions with SleepGlad and S3 Resupply integration**

- **Risk-free trial available**

Save on costs by eliminating mask refits with industry-leading accuracy, free up at least 15 minutes of clinicians' time per patient and decrease reliance on additional masks.

Maximizes outcomes for PAP compliance, minimizes mask refits and offers data-driven results.
